## Procedures

ODEEP has developed a cultural diversity strategy that ensures that:

- staff will receive training and education as available in cultural competency and safety, and how to incorporate these into organisational values, practices, policies and service delivery.
- Staff will use the written and electronic resources available to further skills themselves in cultural awareness.
- will encourage the active recruitment of staff from diverse backgrounds or staff who have previous experience in service delivery to people from culturally and linguistically diverse backgrounds.
- information on the services and programs can be made available in languages other than English which reflect the demographics of the target service areas.
- active consultation involving people from diverse cultural and linguistic and backgrounds in identifying and prioritising needs and in planning service.
- changes to local cultural and linguistic demographics are reviewed in planning for future services.
- access policies and procedures are reviewed on a regular basis to ensure there are no barriers to people from cultural or linguistically diverse backgrounds.
- harassment or discrimination are not tolerated and that appropriate internal organisation and/or legal protocols, are followed to prevent or address harassment or discrimination.
- flexible approaches are adopted in response to clients that recognises and meet cultural and linguistic needs.
- Maintain links with the Orange Aboriginal Medical Service and other Aboriginal specific group to inform and evaluate the service delivery and practices for Aboriginal clients.
- Maintain links with the Orange City Council Multi Cultural Liaison Officer to inform service delivery and practices for clients from other community groups.
- Make an effort to achieve representation from the represented cultures in the Orange, Cabonne and Blayney communities and other service delivery areas as appropriate.

ODEEP will ensure that its staff will:

- demonstrate respect for cultural or religious customs and health practices including beliefs and taboos.
- arrange for interpreters (including sign language interpreters) in circumstances where clients are unable to communicate easily in English.

- when conducting an assessment for clients from culturally and linguistically diverse backgrounds or Indigenous communities they should be conducted in a manner that is culturally appropriate and respectful. This may also include using accredited interpreters where required, or involvement of a larger group of extended family members identified by the client.
- actively seek information from clients or where appropriate their family/carer about their customs, culture and beliefs where it may affect the provision of service. (e.g. culturally appropriate diet preferences, or religious rituals or the need for staff to be of the same gender as the client).
- attempt to meet specific requests from clients, where possible, to demonstrate respect for the client (e.g. assistance in religious practices or help with establishing social networks).
- ensure where possible and if appropriate, that clients have access to staff (within the organisation and external services) from similar cultural or linguistic backgrounds.
- Be aware of the cultural and ethnic backgrounds of their Key Worker families as identified by the family at enrolment.
- Consider the developmental and linguistic levels of the children attending ODEEP.

### **Celebrations**

Families will be consulted to determine their level of interest and support for programming for religious and culturally specific celebrations during small group sessions throughout the year and for whole of service celebrations. At the least signage will be used to acknowledge celebrations.

### **End of Year Celebrations**

At the end of the year a celebration will be held to acknowledge the children’s achievements during the year. These celebrations will not necessarily have religious connotations.

All policies are reviewed on a continual basis as gaps and need arises or otherwise on an annual basis.
